Eiselemen Plot Penguin Revenge

Enrollment Hits Record With 2288

Topping the record-high enrollment of two years ago by 38 students, Carroll bucked what was expected to be a national downward enrollment trend by registering a total of 2288 day and evening students three weeks ago.

Included in the total are 1838 day school students representing an increase of 95 over last year. Evening school enrollment suffered a slight drop from last year's total of 495 as 450 signed up for classes. In spite of a drop in the total number of freshmen from 616 to 574, the day school chalked up its over-all increase because of the number of upperclassmen who transferred from evening to daytime sessions.

The pink-cheeked variety of frosh predominates this year with only 33 per cent being veterans. As a result, total vet enrollment in the day school dropped to 1039 or 57 per cent of the student body.

Commenting on the unexpectedly high enrollment, Mr. E. R. Mittinger, registrar, said: "Evidently a number of men who expect to be drafted changed their minds about school and decided to complete at least part of their college education before entering the service."

Predicting that college enrollments would continue at their present high levels for a number of years, Mr. Mittinger cited recent surveys taken among grammar school students which indicate that approximately 75 per cent intend to continue their education at the college level. "In other words," he said, "more and more parents are deciding that a college education is a necessity for their children."

B. E. G. Men Open Season at Allerton

Hotel Allerton was selected as the monthly meeting site of the Carroll Commerce Club in connection with the business organization's program of expansion this year, announced Bill Monroe, president. Members will assemble at the 12th-and-Chester hotel next Friday night for their second convocation of the semester.

Meetings are also scheduled at Carroll on a monthly basis, but these dates fall between the downtown gatherings.

On the docket for the coming season are three social events and two field trips. On the social agenda is a closed dance, the annual smoker and a dinner for club graduates. A detailed program of other activities has also been worked out by the executive committee.

Monroe last week greeted 65 B.E.G. students who turned out for the initial session.

NSA Adopts Discount Plan For U. S. College Students

A Purchase Card Plan entitling college students to a discount on their purchases of various goods and services was unanimously adopted as the leading project for the 1948-49 term by the first annual congress of the National Student Association at Madison, Wisconsin, during the final week of August.

John Callahan and James Fitzgerald, John Carroll delegates to the congress, outlined the plan last week before the Student Union and have begun arrangements to introduce the system into the Cleveland area. "We hope," said Fitzgerald, "to have the Purchase Card system set up and operating before the year is out."

Card Idea Works in Buffalo
Under the plan, which has been successfully tested in Buffalo, N. Y., college students whose schools are members of the NSA will receive one-dollar cards entitling them to a discount on purchases from stores cooperating with the plan. The amount of the discount will vary, but on certain items will be as great as one-third of the purchase price.

The following goods and services will be available under the

Actively participating in freshman indoctrination by polishing the school seal are Bernie Toomey, Ronnie Shaffer, Gordon Gay and Sam Dunson.

Faculty Adds New Profs As 7 Advance

Seven senior staff members of the Carroll faculty received departmental promotions which were put into effect at the beginning of this term. Also, to meet this year's increased enrollment and supplement the loss of seven old members, 20 new instructors and lecturers were assigned teaching positions on the John Carroll University faculty.

Dr. Edward C. Reilly and Dr. Edmund B. Thomas were advanced to the position of professor, Mr. Robert S. More was promoted to an instructor, and Dr. Rene D. Fabien and Professor Frank J. Weiss now hold the rank of associate professor.

Twelve of the 20 new faculty members will be associated with the College of Arts and Sciences while eight join the BEG School.

Among the staff members added to the BEG School are Mr. William F. Shors and Dr. Patrick M. Boardman.

Mr. Shors, former head of the department of accounting at Butler University, will be professor of accounting at Carroll. Mr. Boardman, former foreign correspondent for CBS, will be an assistant professor of economics. A New Yorker, Mr. Boardman received his doctor of political science degree from Geneva University, Switzerland, and also studied international law at the Hague, Holland.

Sophomores Supply Pep As Freshman Get Hep

Freshman Pep Week activities began on Monday, October 4, and are to continue through tomorrow. A comprehensive set of rules and corresponding penalties has been instituted by officers of the sophomore class. Included in the regulations are the following:

Freshmen must learn all the school songs.

Freshmen must know all the school cheers.

Freshmen must be able to identify all faculty members.

Freshmen must be able to explain the significance of the school seal.

Freshmen walking on the seal in the main lobby will be penalized.

Freshmen are forbidden to shave sideburns, whiskers, fuzz, goatees, or moustaches during Pep Week.

Freshmen must address all upperclassmen as "Sir."

Copies of the rules have been posted throughout the University to acquaint frosh with them. Penalty cards have been issued to the freshmen. Those who have not as yet obtained one must get it immediately from the office of the Rev. William J. Murphy, S.J., dean of men, or risk an additional penalty.

Freshmen, upon examination by any upperclassman, failing to obey

any of the above rules, must produce penalty cards which will be punched.

Tomorrow, on the final day of (Continued on Page 4)

Forum Hears Fr. McQuade

The Rev. James McQuade, S.J., director of the religion department of John Carroll, will review Graham Greene's recent novel, "The Heart of the Matter," at the Critics' Forum, Wednesday evening, October 20, at 8:30 p.m. in the Hotel Allerton ballroom.

This first meeting of the 1948-49 season will be opened by the Most Rev. Floyd L. Begin, auxiliary bishop of Cleveland.

The series is sponsored by the International Federation of Catholic Alumnae and presents a prominent reviewer in an analysis of the moral and literary aspects of current best sellers.

Greene's book, enthusiastically received by most literary circles, derives its dramatic force, according to Catholic critics, from the apparent theological conflict between God's mercy and justice.

Point of departure for Greene, the artist, in this, his latest book, is the human heart. Evelyn Waugh, contemporary English satirist and Catholic convert, has called Greene's effort "the most significant literary work of our time."

Monroe, Wey Get 'News' Staff Posts

The Carroll News undergoes its seasonal staff alterations with this issue as Bill Monroe moves up to Business Manager and James Wey becomes Feature Editor.

A senior this year, Bill Monroe is familiar to BEG men as president of the Commerce Club. Assisting him with the duties of the business staff will be Jack Egan, as assistant business manager, and Joe Raymond, as advertising manager.

Jack is a senior and Joe, a junior, both members in good standing of the Commerce Club. James Wey, who will guide the efforts of the second page staff, got his start on the Carroll Quarterly, the University's tri-monthly contribution to literature, which he has edited from its inception last year. He is a Senior history major in the Arts school.

The staff position of copy editor will appear in the masthead for the first time with this issue. It will be competently manned by Jim Morrow, John Mueller and Norm Mlachak.

Streaks Seek Victory To Balance Record Against '47 Debacle

By CHRIS HAWKINS

Revenge will be the pass word tomorrow night when the Blue Streaks meet Coach Dike Beede's Youngstown College Penguins at Shaw Stadium and attempt to avenge the 13-2 setback the Blue and Gold were handed last year.

Fresh from an overwhelming victory over Niagara, the Streaks invaded Rayen Stadium last campaign favored to down the Penguins by at least two touchdowns, but, after

Father Clarke Returns For Frosh Retreat

Freshmen retreat will be given at John Carroll University this coming Monday, Tuesday and Wednesday by the Rev. Charles W. Clarke, S. J. The following Catholic students will attend: all freshmen, all students who transferred from other schools, night-school students and all students living on the campus.

Non-Catholic students may attend any or all sessions. No classes will be in session.

The retreat will begin Monday morning at 10. Programs will be distributed to the students at the

Father Clarke, who was retreat-master last year at Carroll for the freshmen, conducts parish missions and retreats around the country throughout the year. A former army chaplain, he has also served as a prison chaplain.

The retreat for upperclassmen will be given February 2, 3 and 4 by the Rev. Allen P. Farrell, S. J., education editor of "America."

Literary Contest

Hold on to your typewriters, literate people. Short story and essay contests are now in the process of formulation, courtesy of the Carroll Quarterly. Rules and regulations will be announced in the next issue of the News.

Cash prizes will be awarded winners and competition will last into the spring semester.

Lead in Them Hems

Tradition Falls As Girls Cheer

By LEE CIRILLO

Complete with voluminous skirts (they may be shorter in the future) and engaging smiles, two spirited females have sent another old Carroll tradition rolling down the road to the land of worn-out customs.

On Friday, September 24, these young ladies helped cheer the Blue Streaks on to a close finish with the Dayton Flyers. Never before, since the establishment of the school in 1886, have members of the fair sex graced a Carroll football field, either as players or cheerleaders.

The young ladies are Mary Ann Consolo, 2567 Belvoir Blvd., University Heights, and Elyse Michaels, 2123 Lennox Rd., Cleveland Heights. Blonde Miss Michaels is a junior, majoring in English, and Miss Consolo, who is majoring in business administration, reports she is somewhere between her freshman and sophomore year. When not studying or running through their repertoire of ten cheers, the girls work at Carroll, Miss Michaels for Fr. Frank Devlin, purchasing agent, and Miss Consolo in the Dean's Office.

Although neither of the girls has led cheers before, both got through their motions with considerable ease. When questioned, Miss Michaels and Miss Consolo stated that they have enjoyed their

Calls for Unity in Council

In a close race that saw him edge runner-up John Callahan by two votes, Joseph DeGrandis, Senior class treasurer, was elected to succeed John J. Navin as president of the John Carroll Student Union.

Jack Reilly was voted vice-president; Jim Conway, secretary; and Jim Sennet, treasurer.

Calls for Cooperation
In accepting office, DeGrandis made a plea for "increased cooperation and unity as the basis for achievement and progress."

The new president is a 24-year-old senior in the BEG school, majoring in accounting. He graduated from Cathedral Latin School in 1943 and then went to the Army for a 30-month tour of duty.

Vice-president Reilly held the same Union post during the summer and is also vice-president of Junior class. Twenty-three-year-old Reilly is an industrial relations major and hails from Tarryton, N.Y.

Juniors Take Other Posts
The other two offices were also won by juniors. Secretary Jim Conway and Treasurer Sennet hold the same positions for the Junior class.

Conway is a student in the BEG school, majoring in industrial relations. He is a 1942 graduate of St. Ignatius High and served 54 months in the infantry.

Sennet, a 23-year-old graduate of Cathedral Latin, spent three years as an Air Corps navigator. Like the other officers Sennet is in the BEG School. Management is his major field of concentration.

Academy Opens Season With Membership Drive

Old and new members of the Scientific Academy meet today at 5 p.m. in Room 110 of the Biology Building. All science students are eligible to attend.

The Academy, whose purpose is to arouse, stimulate and promote scientific interest and investigation among students of natural science at Carroll, builds its weekly sessions around talks on current scientific topics by guest speakers, professors and students.

PAUL WAICKMAN, Elyse Michaels, Ed Clark, Mary Consolo and George Krenyel go through their paces for the crowd.

duties immensely. Both are agreed that an effort on the part of the student body to promote more orderly, louder cheering would do wonders for a somewhat quiet cheering section.

Addition of soprano voices to the cheer-leading is experimental, and it was only agreed to after careful consideration by the college administration. Restrictions regarding cartwheels and somersaults have been placed on the girl cheerleaders, but they have made no noticeable effect on the quality of their work. The cheer-

leaders now number five, the two girls, Ed Clark, Paul Waickman and George Krenyel.

As for the girls themselves, Miss Michaels is blonde, 5 ft. 5½ inches, 21 years old. She modeled while at Ohio State U. and collects poetry. She also likes to knit argyle socks . . . send orders by mail. Miss Consolo is a 5 ft.—2½ inch, dark-haired, 19-year-old, who likes blondes and is also proficient in the art of argyle knitting. Oh yes! Miss Michaels may be reached at TY. 1-0135 and Miss Consolo at FA. 3969.

President's Message

In my message last year I pointed out that the Carroll News had some splendid goals before it. I pointed out three in particular: to present in readable fashion to students, alumni and friends all University news; to provide an outlet for the expression of student thought; to create and foster school spirit. I closed with exhortation: "In obtaining these objectives you will not only find happiness in the successful completion of a noble task, but you will be helping to extend the influence of the University beyond the confines of the campus."

Today, one year later, we can look back over a record of splendid achievement. Not only did the News attain the three goals set above; it attained them in such eminent fashion that it won resounding praise on every side. The Carroll News won the local newspaper award for being the best college paper in the Cleveland area. It merited highest rating in the national agencies. It placed second in the state ratings.

I am proud of our student paper. My fond hope is that it will continue to serve us with distinction.

— Frederick E. Welie, S. J.

Welcome Frosh

To those of us preparing to leave John Carroll in February or June the position of the incoming freshmen is in many ways an enviable one. Every department and activity in the university is, and has been for some years, on the upswing.

Improvement and expansion of men and materials in recent years has resulted in an improved campus appearance, a larger and more balanced teaching staff and revitalized student activities, from which freshmen will derive full four-year benefits.

We hope the new freshmen will feel this spirit of growth at John Carroll and accept their responsibilities toward sharing in it. We hope the history of the class of '52 shall be marked by cooperation with the aims of the administration and personal spiritual and academic success.

Action on D. P.'s

The seemingly hopeless problem of Europe's displaced persons was greatly ameliorated by the recent enactment of the Displaced Persons Act of 1948 (Public law 774, 80th Congress.)

A maximum of 205,000 refugees may be admitted, under proper safeguards, to the United States by June 30, 1950. Expenditures necessary for administration of the law were provided for by an allotment of two million dollars to provide for hiring personnel, renting office space and purchasing needed equipment. The large number of employees assigned to DP work from other Government agencies, however, makes this sum seem rather inadequate.

The new law empowers the "Displaced Persons Commission" to set up and administer the resettlement program. Working agreements have been made with the International Refugee Organization and the U. S. Military Government in order to hasten the preliminary steps in the "screening program" through which eligible refugees must pass. Thousands of DP's will be arriving monthly by December.

Congress has taken a real step forward in relieving the European refugee situation. But rather than look upon its job as complete, Congress should set to work clearing up the resettlement problem with enactment of new legislation and with amendment of laws already passed.

Get Behind Carillon

When practically every pre-war tradition has been revived — Hell Week, beer parties and beanies — one of the longest-standing collegiate customs is in danger of being completely shelved at Carroll. Whether the annual publication, Carillon, is to remain among this University's post-war revivals is a matter which now rests with the student body.

Meet The Faculty...

Bronx-bred, Fordham-trained Patrick M. Boarman this semester joins his brother Marshall, last year addition to the philosophy department, as a member of the Carroll faculty. Patrick, Army M.P. veteran, graduate of Columbia School of Journalism and candidate for a doctor of political science degree at the University of Geneva, Switzerland, has assumed duties as assistant professor of economics in the BEG School.

Formerly assistant to the director of advertising and promotion of Doubleday Doran, Mr. Boarman was Swiss correspondent for the Columbia Broadcasting System after leaving Columbia University, and returned from Europe this summer to do work in economic education and industrial relations with the Vick Chemical Company, New York. While in Switzerland he also wrote for various European and American publications and at present plans to continue his radio work with Cleveland's WGAR.

Displaying marked male adaptivity, Mr. Boarman prefers European women when he is in Europe and American women when he is in his home states. Finding Clevelanders amiable, hard working, and amusing, Mr. Boarman believes Carroll a fine school, has never heard of Bill

Messrs. Marshall and Patrick Boarman promenade Carroll corridor.

Veek and has only a vague notion of what all the excitement was about last Monday.

Both brothers, Marshall and Patrick, in their respective senior years, edited the distinguished Fordham Monthly.

VETS' NEWS

Student veterans whose dependency status changed during the summer vacation are reminded by Veterans Administration to submit proof of additional dependency as soon as possible to the appropriate VA regional office in which their records are filed.

Veterans with dependents, who are studying full or part-time in schools and colleges under the G.I. Bill, are eligible for additional subsistence payments because of the dependents.

However, legal proof, such as certified copies of public records of birth, baptism, marriage, divorce or other evidence, must be in their VA training file in order to qualify.

Single veterans studying under the G.I. Bill are eligible for monthly subsistence allowances up to \$75. Veterans with one dependent may receive \$105 per month and veterans with two or more dependents, \$120.

Veterans should submit evidence of dependency at once, rather than wait until enrolling for the fall semester in order to insure receiving prompt payments of subsistence at the higher rates.

World War II veterans still may reinstate their National Service Life Insurance, Veterans Administration branch office officials in Columbus, Ohio, explained today.

Some veterans are under the impression they can no longer obtain this government insurance. World War II veterans who can pass a physical examination may reinstate their lapsed insurance at any time.

The deadline for reinstating NSLI without a physical examination was July 31, 1948, VA explained. Prior to the deadline, a veteran could reinstate lapsed insurance by certifying that his health was as good as it was when the policy lapsed.

This deadline confused some veterans, who feel they cannot reinstate lapsed insurance since the deadline passed. That is not correct, VA said.

Veterans may reinstate their insurance at any time by passing a physical examination. If the policy has lapsed less than three months, it still may be reinstated without taking a physical examination.

Study Abroad Aided By Bill

Carroll students anticipating post graduate work, research and other educational pursuits now have an opportunity for study in foreign institutions of higher learning.

Under the leadership of Senator J. W. Fulbright of Arkansas, a bill has been passed and signed by the President authorizing the usage of U. S. dollars, tied up abroad through the sale of surplus property, for educational exchanges.

A Board of Foreign Scholarships has been appointed to select participants in this program. Three preliminary selection agencies answer inquiries, receive applications and make preliminary selection of applicants for student grants.

Maintenance, tuition, incidental expenses and transportation are included in all scholarships granted under the Fulbright bill.

For detailed information on how a student can cash in on this legislation of your congress, write to one of the following agencies: The Institute of International Education, 2 West 45th St., New York 19; The U. S. Office of Education, Federal Security Agency, Washington 25, D. C.; or The Conference Board of Associated Research Councils, 2101 Constitution Ave., N. W., Washington 25, D. C.

Ode to the Loves of Elgarth, or Getting an "A" in Family

Elgarth met a Jung girl (Kate) From Western Reserve.

Her face was like nothing else And she had that body verve!

But after six dates he was a-Freud of her.

Elgarth met an N.D. girl All honest and sincere.

But he found her simplicity More than he could bear.

Also she read Father Lord and frankly he was bored.

Elgarth met a girl from Fenn Who sat upon his knee.

And everything he learned from her Was absolutely free.

But he found she wasn't tutoring so much as she was cotiering.

Elgarth met an Ursuline girl And took her for his wife.

Tristan und Isolde Never knew such rife!

But now Elgarth's happy because he's a pappy.

—Puck.

Editor's Mail

Dear Editor:

It was really a sad night for college football in this city last Friday night when John Carroll played Dayton University at the Stadium. In particular, it was a miserable showing of Catholic football fans. There must be something wrong when two good football teams from two fine Universities can not draw a crowd of at least 30,000.

What can we do at John Carroll to get the support we need and deserve from the football fans of Cleveland?

It is my contention that the fundamental reason for our failure to draw a crowd is because we do not try to sell the John Carroll football team in an effective manner. True, we spent a good deal of money in advertising the game, but our method of selling tickets was not effective. We had a ticket office at school and one at Richman Bros. But both of these places were too far out of the way for people to go to purchase tickets. You might say, "then it was up to the students to go out and sell their football team to their friends."

... We must give interested students an incentive to go out and sell John Carroll football tickets. What would be more natural than to hire one or two or more students from every parish in Cleveland. Take applications from all men interested, and choose men who are sincere and business-like. Make these men official ticket agents, and give them a substantial commission. (Refer to "Just Wage," "Quadragesima Anno"). In other words, make it worth their while. Psychologically speaking, these men should make excellent salesmen; they have a product that they are proud of, and they also have the monetary incentive to produce.

I know that all our remaining games are to be played at Shaw field, and that we should easily be able to fill that stadium with a little luck...

Sincerely yours,

Gene Moynihan

THE COFFIN CORNER

By Chris Hawkins

SINCE THIS IS THE LID-OPENER for the olde Coffin, your Corpse will endeavor to make it short and (ugh!) sweet. First, we could like to add our praise to the laurels the gridders have already received for the spectacular performance at Toledo's Glass Bowl last week. In 1947 we thought that we had seen everything when the 14-point underdog Streaks completely smothered the Rockets, 35-14, but we have never seen such a devastating display of power as was put on by the Blue and Gold last Saturday. The complete game is reviewed elsewhere on this page, but we would like to add just a few remarks.

Ole "King" Carl Taseff, the 170-pound Terror of the Turf, was, as usual, spectacular, running up a total of 109 yards in 14 attempts, adding three touchdowns for good measure. Jim Moran, usually a standout in the aerial attack, caught nary a pass but was terrific as a ball carrier, scoring twice and barely missing a third marker. Don Shula, sophomore back, added 85 yards in 10 attempts and came up with one of the more brilliant plays of the game in the last quarter when he grabbed one of Rudy Schaffer's passes right out of the grasp of a Toledo defender's hands to score the final Streak TD.

Jud Whelan again turned in a whale(n) of a defensive game and Bill Eline once more proved to be one of the best centers in the state. Bill McKeon, Sig Holowenko, Bill Nowaskey, Alex Aurilio, Nes Janiak, Roman Conti and Bob Zupke all played outstanding games.

Soeder Always Shows

Little Lenny Soeder, who suffered a cracked rib in the Toledo game, will be a sore loss to the Streaks this week for the diminutive halfback is probably one of the more valuable players on the squad. Whether carrying the ball, acting as a decoy, blocking or tackling, Lenny plays the game with everything his compact 175-pound frame can give. His carrying out of fakes has made ball carrying an easier job for his teammates and has accounted for additional yardage throughout his entire career on the squad.

Oddity of the Toledo game was the brilliant pass defense displayed by the Streaks near the end of the first half. With only ten men on the field, the Carroll defenders stopped two pass plays when Don Shula couldn't make up his mind whether he wanted to play halfback or sit out the remaining minutes on the bench. Then Bill Eline discovered he was supposed to be in the ball game and ambled out onto the field only to have Jud Whelan break like a jet-propelled Streak for the sidelines. When the puzzle was finally unravelled, the half ended and Carroll went to the lockers with a 26-7 lead, which only goes to prove that these defense formations are a lot of bunk. Maybe we could have played the whole game with ten men, who knows!

Rules Changes Confoozin'

A few thousand fans were puzzled when, after Don Shula had downed Joe Petkovic's punt on the Toledo two-yard line, the ball was moved back out to the twenty. A new ruling this year provides that a kick, downed by the kicking team, within the receiving team's ten-yard line, is an automatic touchback and the receiving team puts the ball in play on their own twenty.

The Rockets also were caught by the new substitution ruling as they attempted to send in two substitutes when one of their men was injured and the referees called a time out. Only one man can be substituted, and that for the injured man, when the referees call time out for injury if the team substituting has used up its allotted times-out.

Frosh Look "Upta" Tupta...

The latest addition to the John Carroll University coaching staff is Richard "Dick" Tupta, who replaces Frank Gaul as freshman football coach, the position vacated by Gaul when he entered private business in the past summer.

Dick is not a new figure in the Cleveland sporting scene since he was a standout performer at Cathedral Latin from 1936 to 1939 in football and track. He served his football career under the tutelage of Mr. Herb Eisele, Carroll head coach, now his associate in the coaching profession.

Track was the sport which brought Tupta's name before the eyes of the people of Ohio. Running relay races with Eddie Prokop, now star for the Chicago Rockets, and Joe Prokop, former Notre Dame track man, Dick set many track records in the city. Some of these records were broken in subsequent years but his record of 49.4 seconds for the 440-yard run and the two-mile relay record of 8 minutes, 14.7 seconds still stands as the mark to aim at in Cleveland scholastic circles.

Leaving Latin, Dick entered Notre Dame in the fall of 1939. During his years at college, Tupta

carved his name in the annals of Notre Dame history. The relay teams which Tupta ran with were defeated only twice in three years with an average of 26 meets a year. They were undefeated in Tupta's senior year.

Tupta received his call to serve Uncle Sam in the spring of 1943. He served with the 43rd Division in the Philippines and Japan. He was discharged in February of 1945 and took up the post of track and assistant football coach at Benedictine high school in Cleveland. Dick met with great success in the coaching field, making his squads top contenders for honors in the football and track circles.

Dick was married in 1944 at Camp Walters, Texas. He now has two children, Mary and Dick, Jr.

Streak Running Game Rips Toledo

"King" Carl Rides Again...

120 Frosh Report For Grid Drills

With approximately 120 students signed up for freshman football, more than double the number that signed up last year, freshman coach Dick Tupta has his work laid out for him. At the present time he has 45 men practicing each weekday afternoon behind the powerhouse.

Coach Tupta intends to have four to eight new men come out each week until he has screened out the entire 120. From this aggregation he will keep possibly 35 men on the team, with additional allowances if the men have what it takes. Mr. Tupta stated that it is a slow, tedious process and asked that the freshmen who have not as yet been called to have patience.

Scrimmage Varsity

For the last two weeks the first-year footballers have been scrimmaging the varsity. Learning the plays of Carroll opponents, they match wits and brawn with our own varsity.

On Friday, October 22, the Frosh will have a chance to show their might against other opposition. They will meet the Akron University freshmen at 3:30 p.m. The field as yet has not been determined.

The Akron game will be the first of three the freshmen are allowed to play. Under Ohio Conference rules the first-year team of a college is allowed to play one-third the number of contests that the varsity plays. At the present time the Akron fray is the only game scheduled, but others are pending further conferences.

Plenty of Depth

Every position on the team is two deep, but a few spots are weaker than the others. Mr. Tupta stated he needs depth in tackle positions while center seems to be the strongest spot on the line with five stalwarts of about equal ability.

In the backfield the quarterback slot is weak, halfbacks are considered strongest, and the fullback candidates show promise.

Bok, McKinley Romp; Dayton Wins, 26-18

By JIM MILLER

A power-packed Dayton backfield and an aggressive, fast-charging line gave the Flyers an opening game win over John Carroll at the Stadium on Sept. 24. Approximately 13,000 fans saw the Dayton grid machine roar to a touchdown in the first quarter on a plunge by Ray Janaszek from two yards out after a pass from Ed Toscani, Flyer quarterback, to

End Bill Gutbrod had picked up 31 yards. From this point to the final gun, the swift Flyers were never headed.

The Streaks came back to tie the score in the first quarter on a 59-yard pass from Quarterback Rudy Schaffer to Nes Janiak, Carroll end. The score remained 6-6 when Kilfoyle's conversion attempt was blocked. Early in the second quarter, signal-caller Joe Zaleski put the Flyers in front to stay with a toss to End Dale Babione, who got behind the Streak defense to pull the ball in on the goal line. Bernie Otten, Dayton fullback, converted to make the score 13-6.

Bok Sparks Dayton Attack

The high spot of the game for Dayton fans was when Art Bok, speedy Dayton halfback, broke away for a 75-yard touchdown jaunt on the first play from scrimmage in the second half. Bok was shaken loose around right end, and easily outdistanced Jack Minor, Streak safety man.

Joe Petkovic, the Streak's sophomore quarterback, put on a great show with his passing, punting and defensive play. Joe tossed to Jim Moran, Streak halfback, for a score in the third quarter. He also intercepted three Dayton aeriels and ran them back 30 yards.

Rudy Schaffer was on the throwing end of Carroll's final scoring play. With less than two minutes remaining in the game, Rudy, after taking the ball from the center, moved to his right, leaped high in the air for his heave to Jim Moran. Bill McKinley, Dayton's hard-driving halfback from Benedictine, took a 42-yard pass from Toscani for Dayton's final marker in the third period after a sustained drive.

Dayton Roms Around Ends The Flyers gained almost at will around the Carroll ends. The Dayton ball carriers were running behind three and four-man interference with devastating effectiveness. In contrast, John Carroll's running game was well throttled. Only once did the Streaks shake a runner loose for a long gain. Carl Taseff, Streak fullback broke loose for a 55-yard sprint late in the second half, but Art Bok pulled him down from behind.

This victory for the Flyers was

their tenth over John Carroll as compared to three victories for the Streaks. Dayton had a slight edge in the matter of first downs. The Flyers piled up 11 as compared to the Streak's total of 10. However, the downstaters practically doubled Carroll's yardage gained by rushing.

DAYTON—26

ENDS—Dahn, Shroyer, Gutbrod, Babione, Saelzler.
TACKLES—Maier, Lange, Dunn.
GUARDS—Mills, Hanby, Flynn, Wagner, R., Miller, Speth.

Meet Shula...

A "cum laude graduate" of the 1947 Blue Streak freshman squad, Don has provided the depth that Eisele was seeking at the right half spot.

At Painesville Harvey High the 18-year-old lad was an outstanding back for two years. In his senior year he received mention on the All-Ohio squad. Added to the testimonials of his football wizardry are three letters in baseball and letters in track and basketball.

Carrying 180 lbs. on a 5' 11" frame, the triple-threat sophomore has confined his talents exclusively to running. It is principally his running powers which fit into the Eisele scheme of things.

Scholastically, Don, who is single, intends to major in sociology and to minor in physical education. He will probably be remembered best for the way he stole the ball from the Toledo halfbacks' arms to account for the Streaks' last touchdown against Toledo.

DESPERATE!

I need a three or four room apartment, house of something covered by a roof.

Rockets Sputter As Streaks Flash, 46-20

By EDWARD CARSON

Flashing a whirlwind backfield that smashed 337 yards along the ground, John Carroll streaked by the sputtering Toledo Rockets last Saturday night as it rolled to a 46-20 victory before more than 13,000 fans in the Glass Bowl.

Stocky "King" Carl Taseff led the point-happy Blue Streaks scoring with three touchdowns. Jim Moran raced for two more six-pointers. Joe Petkovic and Don Shula garnered one TD apiece to complete the scoring.

Carroll started its scoring early in the first period when Moran turned his right end and went ten yards for the first score. A few minutes later following a pass interception, Taseff smashed through the Toledo lines for 15 yards to pay dirt. In the next series of plays, Taseff knifed through the right tackle for six yards and another touchdown. Bob Kilfoyle missed the first two tries for the extra point but split the uprights on his next attempt.

Toledo Recovers

The Streaks missed a golden opportunity to score early in the second period when Moran fumbled in the end zone. Toledo recovered for an automatic touchback, and the ball went out to the 20-yard line. The Rockets came to life and drove the length of the field to score on an eight-yard off-tackle slash by Emerson Cole, who was the only consistent ground gainer for the home team. John Shutt's kick was good.

Fine running by Taseff and Lenny Soeder took the ball to the seven-yard line where "King" Carl scooted around end for his third score. Kilfoyle's attempted conversion was good.

After a scoreless third period, the Streaks returned to form in the fourth when Petkovic blasted over from the one-yard marker. Moran swivel-hipped beautifully for 36 yards and Carroll's sixth touchdown. Rudy Schaffer threw a 20-yard pass to Shula for the final Blue and Gold six-pointer. Kilfoyle kicked two points and missed one in the last period.

Charles Hardy's 100-yard kickoff return was the highlight of the game. Hardy took the ball on his goal line and headed for the side line behind a mass of blockers. It appeared that he was trapped on the Toledo 40-yard marker, but he burst through and out-distanced all of his pursuers. Again Shutt kicked the point.

Score in Last Seconds

The Rockets' last touchdown came with five seconds remaining in the game. Lee Pete passed ten yards to Don Martin in the end zone on fourth down for Toledo's last six points. Shutt's try for the extra point was wide.

Carroll's inspired and aggressive line, bulwarked by Bill Nowaskey, Nes Janiak and Bill Eline, limited Toledo's running attack to 155 yards. The line did a great job in opening holes for the Blue and Gold backs so that there was little need for the Streaks' aerial circus.

...and Aurilio

When Joe Fourgerousse graduated last year, Coach Herb Eisele was worried no end about who was going to fill the huge tackle's shoes. Now, his worries are over. Alex Aurilio, 205 pounds of dynamite from Girard, Ohio, has the tackle position well in hand. Alex is well known along the Ohio Conference lines for his devastating tactics.

While at Girard High, Al was outstanding as an athlete. He earned eight letters: three in football, three in track and two in basketball.

The six-foot ball player is also a veteran, having served two years with the Army Engineers. At Carroll, Al's major is history, and his minor, physical education.

In the eyes of Coach Eisele, Al's best attribute is the fact that he still has three years in which to play football at Carroll.

Phillips Adds Sting To B-W Attack

The slugging Yellow Jackets of Baldwin-Wallace College will be gunning for the Blue Streak eleven next Saturday when the two squads meet at the Berea Stadium. Last year, Carroll's gridders scored a stunning 28-19 upset victory over the smoothly functioning B-W grid machine.

Head Coach Ray Watts has started his 21st season at the helm of Jacket football teams and has led his squads to more than 100 victories. He reached the century mark three weeks ago at the expense of Ohio Wesleyan, 20-13.

The nucleus of the Baldwin-Wallace attack is centered around a pair of lettermen, Gene "Sonny" Degyansky, Bob Hecker and Tom my Phillips, the Berea Bombshell who transferred to B-W upon his discharge from the service after playing on the Ohio State freshman squad in 1943. Coach Watts hopes that his passing accuracy can offset the loss of pile-driving Lee Tressel who graduated last June.

In its opener, B-W showed a fine passing game, but the running of Joe Lach, Hecker, and Bill Crawford sent the Jackets off to a 13-0 nod over Akron's Zippers.

Against the Streaks, however, action will probably consist of a passing duel between Phillips and the Streaks' three "T-men," Bob Kilfoyle, Joe Petkovic and Rudy Schaffer. The defensive ability against aeriels shown by Petkovic, Jack Minor and Sil Cornachione may force Phillips to run with the ball often, and he does that well.

The probable starting line-up for the Yellow Jackets will have Degyansky and Bangus at the ends, DeMando and Foster at the tackles, Zito and Scanlon at the guards, Armstrong at center with Roberts, Phillips, Hecker and Haddox in the backfield.

Carroll To Field X-Country Squad

Athletic Director Gene Oberst announced this week that John Carroll is entering a new inter-collegiate sport by fielding a cross-country team. A call has been out for all long distance runners, and there still are positions to be filled.

Mr. Oberst will take the cross-country team to New York to compete at Niagara University on Nov. 13. A tentative meet with Case on Oct. 26 is next on the schedule. Marshall College has contacted Mr. Oberst and would like a meet with the Blue Streaks.

Track veterans reporting to date are Bob Gatalder, a miler from last year's track team, and Bob Little, a half miler and miler from last year's cinder squad. New track men reporting are Leonard Barclay, Clarence Kaminski and Ed Jablonsky. A veteran track man, Donald M. Mates, from Western Reserve will not be eligible this year.

Freshmen reporting to Mr. Oberst are David McDermott from Lakewood High; Tom Welsh from St. Ignatius of Chicago; James Schill from West High; Charles Patterson, James McDonald and Phil Courtard.

Mr. Oberst would like to have more upperclassmen report as they are immediately eligible this year. Any boy who cares to run should see Mr. Oberst.

The cross-country team will consist of five to seven men. Points are awarded in this manner: one point for first place, two points for second and so on for each man running. The team with the lowest point total is declared the winner.

Mr. Oberst also announced that men who are expecting to try out for the track team in the spring should see him as soon as possible. He would like to see especially all potential high-hurdlers and pole vaulters.

JCU Engineer Program Gauged to Detroit Plan

With the completion of the first course in surveying ever given at Carroll during this past summer, over 30 basic engineering students finished their required work for transfer to the third year in the College of Engineering at the University of Detroit.

Addition of three special courses in mathematics, and one each in physics and chemistry permits sophomores from Carroll to transfer to Detroit without fear of repeating or having to take additional basic courses at the latter university.

Not a pre-course but strictly a basic engineering course such as all engineering schools require of their students during the first two years of enrollment, the Carroll program permits students from

this area to complete their first two years of study while living at home.

The University of Detroit's cooperative plan has the students alternating 11-week semesters of study and work while upperclassmen. Every effort is made to place the students in jobs in their home cities, permitting the students to live at home while working. The students are placed in work which will be helpful experience in the field of engineering which they are studying.

Work of coordinating the program with Detroit, initially handled by the Rev. Lawrence J. Monville, S. J., director of the department of physics, has been turned over to the Rev. Henry P. Birkenhauer, S. J.

Youngstown Next

(Continued from Page 1)

squad will start the game tomorrow night that started last year. Soeder will be out for the entire game this week as a result of a slightly cracked rib which he suffered in the Toledo tussle. Nes Janiak, who is presently the Streaks' leading pass receiver with 3 catches for 112 yards, will start at left end with running mate Roman Conti at right end.

All-Big Four tackle Sig Holowenko, 235-pound behemoth, will hold down the left side of the line and Alex Aurilio, the Girard giant, will start at right tackle.

Whelan at Guard
Jud Whelan, All-Ohio and All-Conference lineman, will get the nod at right guard and Bill Nowaskey, the Maple Heights mauler, will be at left guard. Bill Eline,

one of the best defensive field generals in the state, will start at center with Bob "The Arm" Kilfoyle calling the plays from the pivot post. Don Shula, whose 8.09 rushing average is tops for Streak backs, will be at right half and the incomparable Jim Moran, runner and pass catcher deluxe, will be his running mate at the left half spot. "King" Carl Taseff, lord-general in the rushing department with 217 yards in 29 attempts for two games thus far, will hold down the fullback post.

This game will be the third between the two schools in a rivalry that started in 1938, Youngstown's first season in intercollegiate football. Carroll won the opener, 20-12, losing a heartbreaker last year. Kick-off is at 8:15 p.m. at Shaw Stadium located on Shaw Avenue, just south of Hayden Avenue in East Cleveland.

High-stepping Florence Gawenda is Carroll's new Drum Majorette.

YES, YOU CAN believe your eyes. John Carroll now has a drum majorette in the form of Florence Gawenda, 19-year-old night school student. Florence, who is majoring in English for a B.S.S. degree, comes here from Cuyahoga Heights and John Hay High School where she also twirled batons.

Weighing approximately 130 pounds and standing about 5 feet 8 inches tall, the E. 256th St. high-stepper says she is thrilled with her new job.

Daytime finds Florence working as a telephone operator, stenographer and bookkeeper for Gibbs and Co., wholesalers of beauty supplies.

Roscelli Organizes '49 Carillon Staff

The 1949 "Carillon" received its new editor-in-chief this week when William J. Roscelli took over the reins of the school annual and announced its new editorial organization.

Other staff positions filled are: John Tullio, assistant editor; Leonard Vavriska, copy editor; Leonard Hawkins, sports editor; Ed Hawkins, club editor; Reg Lyman, society editor; Jim Hagerty, art editor; and Jack Prochaska, photographer.

Thirty other staff members, with the accent on freshmen, will assure the student body of a successful publication, although Editor Roscelli stresses the great need for student cooperation.

A subscription drive during the week of Oct. 18 will seek the necessary circulation for the annual. The administration has pledged complete support provided the subscription drive proves that the student body will support their school publication.

Summer Delegates Launch '48 Sodality

Following the program outlined at the Summer School of Catholic Action in Chicago during the last week of August, the John Carroll Sodality launched its activities for the coming year at a meeting held Sept. 24.

Handling the program for the 1948-49 school year will be the delegates who attended the Chicago Summer School. John Carroll registered the largest delegation from any Catholic college with 12 men, including Frank Burns, Gene Jacoby, Don Vondriska, William Unger, Jack Eckstein, William Mack, Thomas Powers, Lawrence Badar, Robert Beaudry, George Hurley, Jack Brett and Jack Hissong.

The week-long sessions discussed the methods by which Catholic Action can be promoted through spiritual and temporal activity in U. S. schools. Highlighting the convention was a round table discussion of communism over radio station WCES.

Currently the Sodality is sponsoring a weekly football pool which will continue for the duration of the season. The proceeds of this activity are used to advance the program of the Sodality.

French Club Maps Active Year

French Club members, under the direction of Mr. Bernard S. Jablonski, director of the modern language department, met yesterday to organize for the current year and to schedule a program of activities.

Present officers, elected last May, are Frank Yadouga, president; Gregory Higgins, vice-president; Edward Murphy, secretary-treasurer; John Sullivan, Union representative; and Owen McDermott, historian. Thirty active members compose the membership of the club which endeavors to stimulate student interest in France and the French culture.

Scheduled for the coming year are a movie on France's rehabilitation in the post-war period, a series of lectures and a musical program of French compositions.

Pep Week Here

(Continued from Page 1)

Pep Week, the frosh will challenge the overseers to a game of push ball. Each class has selected 50 stalwarts to represent them. Activities of the week will end with the push ball winners inviting the losers to a victory dance to be held tomorrow night in the auditorium.

Two beanies, one from Case and one from Carroll, presented to the Kangaroo Court at the time of sentencing, will exempt any frosh from serving his penalty. The Court promises no questions will be asked concerning the manner in which the Case beanie was obtained.

Faculty Changes

(Continued from Page 1)

Included in the additions to the College of Arts and Sciences are Dr. Dougald B. MacEachen and the Rev. John I. Malone, S.J.

Dr. MacEachen, former Xavier University English instructor, will take over the same position here at Carroll. During the war he was an interpreter and translator in Europe.

Father Malone, previously a biology instructor at Xavier University, is a new addition to the religion department here. He previously taught at St. Louis University and St. John's College.

In the BEG School other new members include Mr. John W. Alberstadt, lecturer in economics; Mr. Herbert A. Spring, Jr., and Mr. Frank J. Gorman, lecturers in business law; and Mr. Frank J. Devlin, Mr. John J. Leslie and Mrs. Francis J. McGurr, lecturers in accounting.

Other faculty members joining the College of Arts and Sciences include the Rev. Howard J. Kerner, S.J., associated with the department of history; the Rev. James Forgas, O.S.B., lecturer in philosophy; Mr. William J. Scharf, instructor in mathematics; Mr. Lucien Aube, lecturer in modern language; Mr. Richard D. Tupta, added to the physical education department; Mr. Robert Toomey, a chemistry department addition; Dr. Earl A. Weilmuenster, lecturer in chemistry; and Rev. Owen J. Eglum, S.J., associate professor in the religion department and also Father Minister of the Jesuit community. Mr. Anthony D. Lucian and Mr. Arthur A. Raske take over positions in the departments of physics and mathematics respectively. They will be part-time instructors.

Summer Tragedy Strikes Carrollite

Vincent Patrick Giblin, son of Mr. and Mrs. Michael J. Giblin, 971 Selwyn Rd., Cleveland Heights, and a sophomore in the School of B.E.G., drowned July 17, while swimming with several companions at Geneva-on-the-Lake.

Vince had made many friends at Carroll since his enrollment in the fall of 1947.

Two other sophomores were in the party when the tragedy occurred.

Graduating from Cathedral Latin in 1943, Vince enlisted in the Navy and was discharged as a Yeoman 2/c. Until his discharge from the service in the fall of 1945, he served on board a destroyer and a baby carrier.

NSA Projects

(Continued from Page 1)

munist-dominated international Union of Students, but tabled the issue when it became apparent that none of the proposed solutions would be acceptable to a majority of the delegates.

O.S.U. Coed Succeeds Gallagher
At the regional level, policies for the coming year were proposed and new officers elected. James L. Gallagher of Carroll was succeeded as Ohio Regional Chairman by Miss Nancy Yerges of Ohio State. Fitzgerald was elected to head the permanent Student Government committee of the region, and Callahan was appointed to the Public Relations staff.
